

Shipping internationally? Your search for the ideal service ends here.

Every international shipment is unique. Sometimes, speed to market is the difference between setting the trend and following it. Other times, you need to find the most economical way to restock and prepare for next season. Whatever your needs, we have a portfolio of options for any timeline, budget, or package size. Use this chart to determine which of our reliable and hassle-free solutions is right for your next international shipment.

Looking for specialized service? Did you know that FedEx International Next Flight typically delivers within hours between major cities worldwide? Or that you can save up to 50% off standard list rates and get predictable pricing when you ship using the FedEx® 10kg Box or FedEx® 25kg Box?

Explore a world of possibilities and see a comprehensive list of FedEx® services for **packages** and **freight** by visiting the FedEx Service Guide at [fedex.com/us/service-guide](https://www.fedex.com/us/service-guide).
